The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-634-8644 or at www.bcbsil.com. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-855-756-4448 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: $3,200 Individual / $6,400 Family Out-of-Network: $6,400 Individual / $12,800 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Certain preventive care is covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In-Network: $6,600 Individual / $13,200 Family Out-of-Network: $13,200 Individual / $26,400 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-634-8644 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

Understanding Reference Based Pricing:

Reference Based Pricing refers to a benefit provided by employers where a pricing cap is set on the maximum amount that the employer will pay for certain medical services that have a wide cost variation. Not all facilities charge the same amount for the same services. For example, in some areas, the cost of an MRI may range from $500 at one facility to $3,000 at another facility nearby for the same level of care. Reference Based Pricing limits certain (or specific) benefits to a designated dollar amount.

How does Reference Based Pricing work?

MRI Procedures will pay up to a pre-determined amount called a "Reference Price." If the allowed amount exceeds the reference price, that excess amount becomes your responsibility. The amount above the reference price that you pay does apply towards satisfying your Out-of-Pocket Maximum.

How is the Reference Based Price determined?

Your employer, Zebra Technologies Corporation, selects the reference price.

How do I find a Provider who accepts the Reference Based Price?

- Log in to Blue Access for MembersSM at www.bcbsil.com.
- Select Doctors & Hospitals to find an In-Network provider and determine the Reference Based Price for a selected procedure.
- For assistance, contact Customer Service at 1-800-634-8644.

What procedures are included in the Reference Based Pricing benefit?

You can log in to Blue Access for Members at www.bcbsil.com or call Customer Service 1-800-634-8644 for more information. Upon request a list of In-Network providers that will accept the reference price will be provided to you.

If I have an Emergency does Reference Based Pricing apply?

No. Services performed in connection with emergency care will be paid at the regular benefit level.

What do I do if I do not have access to a Provider who accepts the Reference Price?

You may request an exception. Please contact the Customer Service Helpline at 1-800-634-8644 for more information about the exception process or to request an exception for procedures that are rendered by an In-Network provider whose charges are above the Reference Price.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan.
