

U.S. Employees,

We are pleased to share that onsite biometric health screenings will be available at several Zebra locations starting June 8.

A biometric health screening measures key personal health indicators such as blood pressure, weight, cholesterol, and glucose levels. Your results will clearly show whether your numbers are high, low, or within a healthy range, offering a straightforward way to assess your current health and identify areas for improvement.

**REMINDER:** Completing the biometric screening is one of three requirements to earn the [\\$600 annual medical premium reduction credit](#) for the upcoming plan year.

Dates and times for the Zebra onsite biometric screenings are as follows:

### Online Registration

You can conveniently schedule a biometric screening appointment at one of the above Zebra locations online through [Well Track](#) by following this guide: [How to Schedule an Appointment - Biometric Screening Onsite](#).

If you have never registered on the Well Track portal, you will be required to register before scheduling your appointment at [join.personifyhealth.com/ZebraWellTrack](https://join.personifyhealth.com/ZebraWellTrack). Please enter **Join-the-herd-25** as the enrollment passphrase.

### What are my other options?

We realize that not all employees are onsite the day of the biometric screening event and are looking for other screening options. Please see the alternative options below:

- **Quest Diagnostics:** Download the Quest voucher from Well Track portal **Benefits > View All** tab. Schedule an appointment and take the voucher with you to be completed by Quest. No further action required. Quest will automatically send the form to Well Track within 10 days. Please allow time for processing.
- **Primary Care Physician (PCP):** Download the PCP form from the Well Track portal **Benefits > View All** tab. Have your doctor complete the form. You must upload the form to the Well Track portal. Upload your completed PCP form to this same page.
